Subject: KEEP UBER!

To whom it concerns:

I've taken Uber for the past two years in Atlanta, NYC, DUBAI, and Greenville. It's the safest taxi service around. It helps local economies by getting people out and about with the knowledge that a car service will be there on time to promptly pick them up and the fare as well as the car is being tracked by GPS. If you shut Uber down, you're ignorant.

You'd be crazy & Backwards to shut them down.

Subject: In Support of Uber

In support of Uber and the service they provide for our community I find it unconscionable that we are being denied the choice to use this service. Local taxi providers have monopolized transportation in Charleston for far too long. In the Charleston community we experience a huge shortage of parking spaces and public transportation is minimal at best. Uber offers an alternative that is less expensive and more responsive than the traditional taxi. In addition, we need a service that our younger population can afford and are comfortable using. Drunk driving is an issue in any college community and inexpensive, reliable and safe methods of transportation are a must. I have used taxi's in the past with a wait time of over an hour and usually at least 30 minutes. To ride from downtown Charleston, it is at least \$60.00 to get to Mt. Pleasant. Uber provided that same ride for \$40.00 and the wait time -- 5 minutes!

Stopping this service is costing the community jobs, stealing inexpensive transportation, and potentially putting people at risk.

Subject: Uber

We vacationed in Charleston over the Christmas/New Year's holiday and used Uber extensively. They allowed us to see the city, frequent the restaurants and enjoy the historical sites --- I have an ankle problem that inhibits my ability to walk any distance. Thanks to Uber, we had a wonderful time in your beautiful city!

Cheers,
Dan

Subject: We want uber

So disappointed in the decision about uber!!!

We have used uber several times in Charleston and always felt far safer than using a taxi.

We had 2 daughters at USC and uber made them much safer. Before uber they would wait forever for taxis that often never showed up! The uber option made them much more careful about drinking and driving. Taxis were unreliable and not as safe as uber. I would rather my girls be in a uber car than a taxi any day!

Give us back uber!!!

Judy Raymer
